Filotimo

In Greece, there is a word with no true translation: filotimo. It is more than honour or doing the right thing — it is a deep sense of responsibility, generosity, and pride in taking care of others as if they were family. At George Yachts, filotimo means protecting your clients' time, their privacy, and their investment — and treating every journey as if it were our own.

WHO WE ARE

A Different Kind of Brokerage.

US-Registered · Athens-Based · Greek Waters Only

George Yachts Brokerage House LLC is a privately held boutique yacht brokerage registered in Wyoming, USA. Our operations base is in Athens, Greece — which means we have boots on the ground in the only market we serve. We visit the fleet personally. We know the captains by name, the chefs by what they cook, the yachts by what they look like on the morning of embarkation. Not from a database. In person.

01 YOU STAY THE HERO

Your client never hears from us directly. The proposal arrives through you. The experience is credited to you. We are the invisible engine behind your success.

02 YOUR COMMISSION, FAST

Bank transfer within 7-10 days of charter contract signing. Not after the charter. Not after 30 days. Within days of the signature. No chasing. No invoicing.

03 YOUR CLIENTS GET CERTAINTY

Their yacht has been walked. Their captain has been met. Their itinerary has been sailed — by us, personally, in Athens. Not guesswork. First-hand knowledge.

04 YOUR REPUTATION IS PROTECTED

Every charter runs under MYBA E-Contract conditions — the international gold standard. Transparent terms. Clear cancellation policy. Full legal protection for all parties.

05 YOUR EARNINGS ARE COMPETITIVE
