A NOTE FROM YOUR BROKER

You send the client. We deliver the voyage. You keep the credit.

Dear partner,

George Yachts is the quiet engine behind your luxury charter offering in Greece. We never contact your clients, we never put our name on their week, and we never take the relationship from you. You remain the hero of the story from the first enquiry to the last evening at anchor.

What changes for you is what sits behind your recommendation. A same-day proposal, written for your client's eyes. A fleet of 90+ fully crewed yachts that we know in person, not from a database. Charters signed on MYBA-standard contracts. And your commission in your account within 7 to 10 days of the signature, not after the season.

This edition sets out how we work together for the 2026 and 2027 seasons: what you do, what we do, the fleet, and exactly what you earn.

> FILOTIMO
>
> *In Greece there is a word with no true translation. It is more than honour or doing the right thing: it is a deep sense of responsibility, generosity and pride in taking care of others as if they were family. At George Yachts, filotimo means protecting your clients' time, their privacy and their investment, and treating every journey as if it were our own.*

I would be glad to take your first brief personally.

WHO WE ARE

A HOUSE, NOT A PLATFORM.

George Yachts Brokerage House LLC is a privately held boutique brokerage registered in Wyoming, USA, with its office in Athens. We serve one market only. We visit the fleet in person; we know the captains by name, the chefs by what they cook and the yachts by how they look on the morning of embarkation.

Six reasons our partners stay.

01 You stay the hero

Your client never hears from us directly. The proposal arrives through you and the experience is credited to you. We are the invisible engine behind your success.

02 Your commission, fast

Bank transfer within 7-10 days of the charter contract signature. Not after the charter, not after 30 days. No chasing, no invoicing.

03 Your clients get certainty

Their yacht has been walked. Their captain has been met. Their waters have been sailed, by us, from Athens. First-hand knowledge, not guesswork.

04 Your reputation is protected

Every charter runs on a MYBA-standard contract, the international benchmark: transparent terms, a clear cancellation policy and full legal protection for every party.

05 Your earnings are competitive

A true 50/50 split of our brokerage fee on premium charters (EUR 50,000+ net): 7.5% of the net charter fee, paid to you. Standard charters: 5% of net. No caps.

06 You deal with one person

George, directly. Not a call centre, not a rotating desk. One number, one relationship, full accountability from the first enquiry to the final detail.

THE FLEET

Ninety-plus yachts.

Every yacht on our list is fully crewed and chosen for Greek waters. Base charter fee per yacht per week; APA, VAT at the yacht's certified rate and gratuity are set out separately, in writing.
